## No Beach???

### WHAT NOW!!!

Can't go to the beach because of the weather? Do your kids need to move and keep active? Rainy Day at Power Play was created for those bad weather days during the summer that are not "beach days". Each session is run by a licensed pediatric Occupational Therapist and includes developmentally appropriate gross motor play activities, obstacle courses and fine motor activities that will keep kids active and moving instead of being in front of the TV or playing video games all day. This is also a great opportunity for parents to see "therapeutic" activities if they have questions about their child's sensory processing or development!

## How Do I Book A Rainy Day At Power Play Time?

Rainy Day play times are based on age to assure the safety of the participants. Due to therapy center availability, all age groups may not run each "Rainy Day". Please call ahead!

**Bouncin' Babies: up to 24 mos**

**Tumblin' Toddlers: 2-4 yr olds**

**Power Players: 5-8 yr olds**

Play times will be posted on the Power Play voicemail the day before the session. Please call 732-571-2200 for more information or to reserve a spot. Sessions are 1 hour each and cost \$20/session.
